NOTICE OF AVAILABILITY FOR THE FINDING OF NO SIGNIFICANT IMPACT FOR THE SUPPLEMENTAL ENVIRONMENTAL ASSESSMENT FOR THE RED BEACH OPERATIONS ACCESS POINTS PROJECT AT MARINE CORPS BASE, CAMP PENDLETON, CALIFORNIA

Pursuant to the Council on Environmental Quality regulations (40 Code of Federal Regulations Parts 1500-1508) implementing procedural provisions of the National Environmental Policy Act (NEPA) and Marine Corps Order P5090.2A Change 2, the U.S. Marine Corps (USMC) gives notice that a Supplemental Environmental Assessment (SEA) and Finding of No Significant Impact (FONSI) have been prepared for the Red Beach Operations Access Points project at Marine Corps Base (MCB) Camp Pendleton and an Environmental Impact Statement (EIS) is not required.

The Proposed Action involves demolishing the existing single-track double-span concrete arch bridge and replacing it with a new double-track multi-span steel and concrete structure within the North County Transit District right-of-way. The Proposed Action would improve the tactical vehicle and troop transit between Red Beach and inland training areas at MCB Camp Pendleton, as well as improve train capacity and reliability in the congested rail corridor. The SEA describes the potential environmental consequences resulting from the Proposed Action and the No-Action Alternative.

Based on the SEA analysis, the Proposed Action will have negligible direct, indirect, or cumulative impacts on the quality of the local environment and will comply with all regulatory requirements. With incorporation of Special Conservation Measures, impacts to all resources will be less than significant for the Proposed Action and the No-Action Alternative. There would not be any disproportionately high and adverse human health or environmental effects from the selected alternative on minority or low-income populations. Nor will there be any impacts associated with the protection of children from environmental health and safety risks.

The SEA and FONSI addressing this action are on file and may be reviewed at the place of origin: Commanding Officer, Marine Corps Base (Attn: Assistant Chief of Staff, Environmental Security), Camp Pendleton, California 92055-5010, telephone 760-725-4512. Copies are available at the following libraries: City of San Clemente Public Library, 242 Avenida Del Mar, San Clemente, CA 92672; City Of Oceanside Public Library, 330 North Coast Highway, Oceanside, CA 92054; and the Fallbrook Public Library, 124 South Mission Road, Fallbrook, CA 92028.
