MARINE CORPS INSTALLATIONS WEST-MARINE CORPS BASE, CAMP PENDLETON

WHO WE ARE

Marine Corps Installations West integrates installation management and support efforts to the critical requirements of the FMF and supporting establishment while building resiliency, improving quality of life, and protecting our installations in order to enable force generation, modernization, employment and power projection of I MEF.

MARINE CORPS INSTALLATIONS COMMAND
MCI WEST
WEST

ENDURING PRIORITIES

1 Protect our forces and their families

2 Long-term viability of bases and stations

3 Support I MEF, TECOM, and the FMF

I MEF - TECOM - FMF

4 Quality of Life for Marines, Sailors, and families.

AREA OF OPERATIONS

FOCUS AREAS

- *Installation Protection, Make Installations Ready for a Contested Environment, and Building Resiliency*
- *Support to I MEF, Force Design, and Power Projection in a Contested Environment*
- *Barracks 2030*
- *Modernization*
- *Training Range Expansion, Improvement, and Modernization*
- *Stewards of Resources (Financial, Environmental, Energy)*
- *Support for Total Force Fitness*
- *Enabling and Retention of Talent*

LINES OF EFFORT

- *Installation Training and Operations Support*
- *Installation Protection*
- *Installation Facility Support*
- *Marine Corps Community Services*
- *Installation Communications*
- *Installation Logistics Support*
- *Command and Staff Support*

PROBLEM STATEMENT

During a time of dynamic change MCI-WEST is not optimized or resourced to simultaneously improve on aging infrastructure, employ a multi-layered all-domain defense and support I MEF modernization efforts in time within current programmatics, laws, policies, and processes without risk.

CURRENT OPERATING ENVIRONMENT

-OP PLAN -CRISIS CONTINGENCY

-GENERATE -EMPLOY -MODERNIZE FORCES

MCI-WEST is in constant execution while navigating a complex and eclectic operating environment during a time of dynamic change. The operating and threat paradigm has changed launching us into a new era that brings new threats and challenges never seen by any generation.
