THE FOLLOWING MATERIAL FOCUSES ON
10 U.S.C. §1044a NOTARIAL AUTHORITY

Controlling Law and Regulations

10 U.S.C. §1044a Notaries

- **10 U.S.C §1044, Legal Assistance**
 - Authorizes the military Departments to provide legal assistance to certain categories of individuals regarding their personal civil legal affairs
 - Under such regulations as may be prescribed by the Departmental Secretary, the Judge Advocate General, and within the Marine Corps the Staff Judge Advocate to the Commandant of the Marine Corps, is responsible for establishment and supervision of legal assistance programs
- **10 U.S.C. §1044a , Authority to Act as a Notary**
 - Federal law prescribing general criteria under which notary acts may be performed
 - 10 U.S.C. §1044a notarizations are legally valid in all States and U.S. Territories
 - Some state notary statutes specifically give force and effect to 10 U.S.C. §1044a notarial acts
 - Notarization does not guarantee that a person/business/other entity will accept the document itself (i.e. power of attorney)

Controlling Law and Regulations

10 U.S.C. §1044a Notaries

- **JAGINST 5800.7_ (series), Manual of the Judge Advocate General (JAGMAN)**
 - Contains policy and procedures implementing 10 U.S.C. §1044 and §1044a authority for the Department of the Navy
 - Chapter 7 - Legal Assistance Eligibility
 - Chapter 9 - Authority of Armed Forces Personnel to Perform Notarial Acts
- **MCO 5800.16, Legal Support and Administration Manual (LSAM)**
 - LSAM will replace LEGADMINMAN – publication expected summer/fall 2015
 - Provides policy and procedures for the Marine Corps Legal Assistance Program
 - Includes USMC Notary training requirements and policy/procedures for performing notarial acts
 - Still must comply with JAGMAN
- **NOTE:**
 - JAGINST 5801.2B, Navy Legal Assistance Program, 15 Feb 13, provides policy and procedures for the Navy Legal Assistance Program, to include the Navy's notary requirements and procedures
 - » This JAGINST is NOT applicable to the Marine Corps
 - » Does have helpful notary clauses that can be tailored for USMC use

Persons Authorized to Provide Notarial Services

- **10 U.S.C. §1044a grants general powers of a notary public and of a consul of the United States to the individuals below:**
 - All judge advocates, including reserve judge advocates when not in a duty status
 - All civilian legal assistance attorneys ***
 - **UPDATE 4/23/15: volunteer civilian attorneys may notarize under 1044a - their Service Agreement with the office must include notarization as a duty; volunteer civilian paralegals may not notarize under 1044a**

 - All other members of the armed forces, including reserve members when not in a duty status, designated by regulations of the armed forces or by statute to have those powers (see JAGMAN)

Persons Authorized to Provide Notarial Services

 - All officers in the grade of O-4 and above
 - All COs, XOs and admin officers

The LSAM will include the new language to allow 4421’s (E4 and above) in SJA offices to perform notarial acts.

Authorized Recipients of Notary Services

- **10 U.S.C. §1044a notaries shall provide notarial services only for those who are authorized to receive the service under 10 U.S.C. §1044a, which lists the following:**
 - **Members of any of the armed forces**
 - **Other persons eligible for legal assistance under the provisions of section 1044 of title 10 or regulations of the Department of Defense**
 - **Look at 10 USC §1044 (legal assistance statute) and JAGMAN legal assistance chapter for the list of persons eligible for legal assistance**
 - **Because the JAGMAN expands the category of persons eligible to receive legal assistance services, always have a copy of the JAGMAN and refer to it if you are not sure about someone's eligibility**
 - **Persons serving with, employed by, or accompanying the armed forces outside the United States and outside the Commonwealth of Puerto Rico, Guam, and the Virgin Islands**
 - **Other persons subject to the Uniform Code of Military Justice outside the United States**
 - **Ref: 10 U.S.C. §802-Art. 2 – Persons Subject to UCMJ**

Identification

- **The notary must determine the person's eligibility for services and whether the person appearing before him/her is the person named in the document to be signed**
- **Acceptable forms of identification (JAGMAN)**
 - **Valid State or Federally issued identification card**
 - **Driver's license**
 - **Passport**
- **When impossible or impracticable for active duty member to retrieve his or her state or federally issued identification card**
 - **OIC can authorize reliance on the Common Access Card (CAC) as identification**
 - **Notary may use personal knowledge of an active duty service member or personal knowledge of a credible witness to verify identity**

When Not to Notarize

- **A 10 U.S.C. §1044a notary shall not perform the notary service if:**
 - **The signer is not eligible for the service**
 - **The signer cannot verify his or her identification in accordance with the JAGMAN**
 - **The signature was not made in the notary's presence (unless the client or customer is willing to re-sign in the notary's presence after satisfactorily proving his or her identity)**
 - **The signer appears to be coerced and/or incapacitated – alert your OIC**

Notary Clauses

- **Documents prepared by the legal assistance or SJA office (i.e. powers of attorney)**
 - JAGINST 5801.2B has sample §1044a notary clauses used by Navy legal assistance offices – can tailor these for USMC
 - **CAUTION**: No one is required to accept/honor a power of attorney (i.e. power of attorney from deploying Marine for another person to act in matters on the Marine's behalf)
- **Some legal assistance offices choose to have all documents they prepare notarized by the office's state authorized notary**
 - May be more readily recognized by a state/local entity
 - If the document is likely to be used in a different state, comply with both states' notary laws
 - **Although not specifically prohibited in 10 U.S.C. §1044a or the JAGMAN, only state notaries may notarize real estate documents due to differing state requirements; however, overseas legal assistance offices may use §1044a notarial authority but only with OIC approval**

Notary Clauses

- Documents not prepared at the legal assistance or SJA office
 - Many times persons ask legal offices to notarize documents they bring with them
 - Such documents generally have pre-printed notary clauses prepared for a state authorized notary
 - If the document lacks a notary clause, a notary who is not also an attorney may not decide what type of notarial act is appropriate (i.e. whether an oath is required, whether the document requires witnesses, etc.) – consult OIC
 - Although not specifically prohibited in 10 U.S.C. §1044a or the JAGMAN, only state notaries may notarize real estate documents due to differing state requirements; however, overseas legal assistance offices may use §1044a notarial authority but only with OIC approval

Notary Clauses

- **10 U.S.C. §1044a Notary**
 - **The person performing the notarial act must specify in the document's notary clause that they are among those persons authorized by 10 U.S.C. §1044a to provide the notarial service**
 - **Notary's Name**
 - **Rank and billet (position) (i.e. SSgt Samuel Smith, Legal Assistance Clerk)**
 - **Branch of Service - USMC**
 - **Command or Legal Office to which assigned (complete address)**
 - **Notary clause also recites the eligibility of the signer to receive the service**

Types of Authorized Notarial Acts

– Oaths and Affirmations

- An Oath is a solemn, formal declaration or promise to tell the truth, made before a notary public, under penalty of perjury that traditionally invoked reference to “so help me God” as witness
- An Affirmation has the same legal effect as an oath. It is a solemn declaration regarding the contents of the written affidavit, made by persons who decline to take an oath referencing God for religious or conscientious reasons

– Acknowledgments and Affidavits

- An Acknowledgment is a signed statement by the notary that the signer 1) personally appeared before the notary 2) was positively identified by the notary and 3) acknowledged having signed the document in the physical presence of the notary who affixes his or her notary acknowledgment to the power of attorney, deed, beneficiary designation form, contract, etc.
- An Affidavit is a written or printed declaration of facts, made voluntarily, and confirmed by oath or affirmation of the party making it, taken before a person having authority to administer such oath or affirmation

PRACTICE QUESTIONS:

- 1) Assume you are an authorized 10 U.S.C . §1044a Notary. A service member brings you a certified true copy of his birth certificate that has the raised seal of the state agency that issued the original. He has Xeroxed several copies of the certificate and asks you to certify them as true copies. Can you do it? Why or why not?**
- 2) Would it change your answer if the service member brings in the original birth certificate and, after you watch him Xerox copies, he asks you to certify the copies as true? Why or why not?**

Notary Stamp or Seal

- **A notary seal is an embossed seal or ink stamp affixed to a legal document by a notary public**
 - State notaries must have their own notary seal or stamp with their name
 - The notary is responsible for safekeeping and destroying the seal/stamp once he/she ceases to be a notary
- **10 U.S.C. §1044a specifically exempts federal military notaries from the requirement to place an official seal or stamp on documents they notarize**
 - **BUT** as a matter of good practice, 10 U.S.C. §1044a notaries should use a Department of the Navy/Marine Corps embossed seal or stamp, in addition to the notary authorization language

NOTE: §1044a Notary's legal office, with OIC approval, may purchase the embosser/stamp as an office asset (fiscal justification: needed to further the legal assistance mission)

Duties and Responsibilities of a Notary

- **Notaries SHALL NOT:**
 - Engage in the practice of law and accordingly may not draw up legal documents outside the supervision of an attorney
 - Sign their names to blank instruments
 - Certify the authenticity of public, registered, court records or documents or issue certified copies of such documents or records
 - Administer oaths and take affirmations unless the person who signs the instrument is actually in their presence
 - Falsely execute certificates, such as predating or postdating the document
 - Delegate their notarial authority to another person
 - Perform a notarial act when the notary is party to, personally involved in, or financially impacted by the transaction (Note: State law may allow in certain circumstances)

Duties and Responsibilities of a Notary

Notaries SHALL NOT:

- Serve as witness and notary in the same transaction
- Accept any fees or compensation for oaths or notarial acts performed
- Perform or be required to perform a notarial act that the notary believes
 - is for a transaction which the notary suspects is illegal, false, or deceptive
 - is for a person being coerced
 - is for a person whose demeanor causes compelling doubts about whether the person knows the consequences of the transaction required for a notarial act
 - impugns or compromises the notary's impartiality
- Active Duty Notaries may be subject to administrative or disciplinary action, which may include the initiation of court martial proceedings and/or administrative separation, for failure to properly execute their official notarial duties

DEFINITIONS

Definitions

- **Acknowledgement** is a signed statement by the notary that the signer 1) personally appeared before the notary 2) was positively identified by the notary and 3) acknowledged having signed the document in the physical presence of the notary who affixes his or her notary acknowledgment to the power of attorney, deed, beneficiary designation form, contract, etc.
- **Affirmation** has the same legal effect as an oath. It is a solemn declaration regarding the contents of the written affidavit, made by persons who decline to take an oath referencing God for religious or conscientious reasons

Definitions

- **Apostille** (pronounced a-po-stee) is a certificate authenticating the seals and signatures of officials on public documents such as birth certificates, notarials, court orders, or any other document issued by a public authority, so that they can be recognized in foreign countries that are parties to the Hague Apostille Convention. (*“Authentication” Certificates are issued for documents which are destined for use in countries that are not parties to the Hague Apostille Convention*)
 - Documents requiring an Apostille issued by the U.S. Department of State are those which have been signed by one of the following:
 - U.S. Federal Official
 - An American Consular Officer
 - A Military Notary, Judge Advocate (10 U.S.C. §1044a), or a foreign Consul diplomatic official registered with the State Department Office of Protocol
 - The U.S. State Department Authentications Office is responsible for signing and issuing certificates under the Seal of the U. S. Department of State for documents being submitted to foreign countries
 - It is important to understand that the Apostille does not authenticate the contents or effect of the document in any way. It pertains strictly to the notary’s authority to perform notarial acts on the date of the specific notarization and the authenticity of the notary’s signature and seal on that particular notarial certificate

Apostille (con't)

– Under State Notarial Authority:

- An apostille is an official document certifying that the notary who performed a particular notarial act was a notary in good standing at the time of the notarization. It also certifies the authenticity of the notary's signature and seal. Documents that will require an apostille will be destined for countries that have signed the Hague Convention on Abolishing the Requirement of Legalization for Foreign Public Documents. It is important to understand that the apostille does not authenticate the contents or effect of the document in any way. It pertains strictly to the notary's authority to perform notarial acts on the date of the specific notarization and the authenticity of the notary's signature and seal on that particular notarial certificate
- Only the notary's state appointing authority or "competent authority" can issue a certificate of notarial authority or an apostille. Usually, this is the Secretary of State's office, but may also be the county Clerk of Court, the Governor's or Lieutenant Governor's office, or Treasury Department

Definitions

- **Certified Copy** (a.k.a. Certified True Copy) is a document certified as being a true copy of the original document on file in the originating office.
 - Only the specific business or other entity that originated the document or maintains the original as part of its official responsibilities has the legal authority to verify the authenticity of a copy of that original document
- **Competence**
 - The mental ability to distinguish right from wrong and to manage one's own affairs
 - A notary must be certain that all parties understand what they are signing and to what they are swearing or affirming
- **Execute**
 - To perform all formalities, as to make and sign a contract, or sign and deliver a note
 - Carry out some act or course of conduct to its completion
- **Instrument**
 - A legal document, such as a Power of Attorney, contract, deed, Will, or mortgage, which is to be executed by a principal, grantor, or party

Definitions

- **Jurat**
 - Required for transactions where the signer must attest to the content of the document, such as all affidavits and pleadings in court
 - It is a certification on an affidavit declaring when, where and before whom it was sworn
 - In executing a jurat, a notary guarantees that the signer personally appeared before the notary, was given an oath or affirmation by the notary attesting to the truthfulness of the document, and signed the document in the notary's presence
 - It is always important that the notary positively identify a signer for a jurat, as s/he is certifying that the signer attested to the truthfulness of the document contents under penalty of perjury. However, jurat notarizations do not prove a document is true, legal, valid or enforceable
- **Notary Log** (a.k.a. Notary Journal) is an official record of each notarial act performed by the notary public, required for all notarial acts (including recording presence of witnesses)
- **Oath** is a solemn, formal declaration or promise to tell the truth (or attest that the contents of a document are true) , made before a notary public, under penalty of perjury that traditionally invokes reference to “so help me God” as witness

Definitions

- **Official Seal (Impression or Stamp) of the Notary**
 - An embossed seal or ink stamp affixed to a legal document by a notary public
 - The combination of the seal and the notary's signature serves as independent verification that the identify of the person signing the document has been verified and, in some cases, that an oath or affirmation has also been sworn or administered
- **Seal or “L.S.”**
 - The Latin phrase *logus sigilli* means "place of the seal." You may see these letters at the end of a signature line for the document signer or for the notary in more archaic or boiler plate documents.
 - Older documents used melted wax impressions over the L.S., bearing the corporate, government, or private insignia (the seal) of the signer
- **SS.**
 - An abbreviation of the Latin word *silicet*, (to wit) meaning “in particular” or “namely.”
 - Commonly referred to as “jurisdiction” and traditionally included to the right of the venue in notary certificates

Definitions

- **Subscribe**
 - To sign at the end of the document, so that the signature is at the very end of all substantive provisions
 - Requirement for a subscribed document exists to ensure that the acknowledgment is only good for documents as they appeared at the time of the acknowledgment, and not for any changes or additions following the signing by the customer or client
- **Venue**
 - The location in which the notarization was performed
 - “With the United States Armed Forces at (insert country, state, and county where the instrument is acknowledged)
