### DIRECTORY UPDATES

To assist with updating changes to your organization/command listings, it is imperative that you provide changes as they occur in the format required and as specified on page 7 of this directory. This will help eliminate the untimely backlogs that occur just prior to the directory update deadline date. Subscribers failing to submit their requirements in the time frame allotted will not get their listing in the directory. Don't let this happen to your command. Submit your listings as they occur and avoid the last-minute rush.

If there are any questions regarding the information above, contact the directory clerk, 725-3385, for additional information or guidance.

**OFFICIAL DOD TELEPHONES ARE SUBJECT TO MONITORING FOR COMMUNICATION SECURITY PURPOSES AT ALL TIMES.**

DOD telephones are provided for the transmission of official government information and are subject to communications security monitoring at all times. Use of official DOD telephones constitutes consent to communications security telephone monitoring in accordance with DOD Directive 4640.6 and 4640.1.

#### PURPOSE

This directory is provided to primarily aid in finding base telephone numbers. Its use is expressly for official business purposes only and is the property of the United States government. This directory must not be defaced or removed from offices while it remains the current directory. The lending, giving, selling or copying of information from this directory for soliciting, mailing lists or other advertising purposes is prohibited.

Directory changes should be forwarded to the directory clerk (extension 725-3385).

#### INSTALLATION AND MAINTENANCE

Only personnel designated by the assistant chief of staff MCIWEST G-6 are permitted to install, relocate, disconnect, remove or repair telephone equipment or cables. Service will be immediately disconnected and removed if it is found that unauthorized personnel have, in any manner, tampered with the installation of telephone services. Requests for service are made through the Customer Service Request (CSR) via the user's chain of command to the chief of staff MCIWEST G-6. For assistance with your customer service request, call the MITSC WEST watch officer at 763-7989.

#### SECURITY

Except for secure voice telephones, all instruments are subject to potential compromising of classified information. Communication systems are provided for the transmission of official government information only, and are subject to communications security monitoring and communications management monitoring at

all times. The use of the base communications system shall constitute consent to communications security and management monitoring in accordance with BO P2000.1K and DOD Directive 4640.1.

#### TELEPHONE USE

Base telephones are for conducting **OFFICIAL BUSINESS ONLY**. Public pay telephones are located throughout the base for the convenience of the public, and are owned, operated and maintained by AT&T Communications. Misuse of these pay telephones will result in their removal. Toll calls will be authorized by each section and recorded in a monthly Toll Call Record. Billing information can be obtained by calling extension 725-4935 between 8 a.m. and 4:30 p.m. A 48-hour advance notification of service termination is required by the billing clerk (extension 725-4935).

#### OPERATOR SERVICE

Directory assistance is available 24/7 at 760 725 4111. Complaints, comments and problems can be submitted to: [http://ice.disa.mil/index.cfm?fa=card&service\\_provider\\_id=109114&site\\_id=148&service\\_category\\_id=.2](http://ice.disa.mil/index.cfm?fa=card&service_provider_id=109114&site_id=148&service_category_id=.2).

#### CAPABILITIES

All telephone extensions have a class of service assigned to them that defines a specific telephone capability. Questions as to what class of service is assigned to an extension should be directed to the Telephone Systems Office (extension 725-3101). Additionally, each extension is assigned a military precedence. The general classes of service are listed below:

#### Official with Defense Switched Network

**Access** – This service provides official government business access to the Defense Switched Network, interbase circuits and to the commercial telephone system. Local commercial calls are chargeable to each unit and are paid for with appropriated funds.

**A. (Official)** – This service provides official government business access to intercircuits, leased lines and the commercial telephone system. Local community calls are chargeable to each unit and are paid from appropriated funds.

**B. (Official Restricted)** – This service provides official government access to the base only.

**C. (Unofficial)** – This service provides unofficial access to the local commercial telephone system. Telephone charges are paid for with nonappropriated funds or by individual users.

1. This service provides access to the commercial telephone system and is paid by the designated occupant in government-owned or -leased quarters.
2. This service may be restricted to base or have access to the commercial telephone system. The service is primarily used by the American Red Cross and other Marine Corps Community Services activities as provided by NAVCOMPAN, Vol III.
3. This service provides access to the commercial telephone system for commercial concerns authorized to conduct business from a fixed location on the base. This authority must be granted by a contract or permit issued by the commanding general, Marine Corps Base.

**BEFORE  
YOU DIG**

**PLEASE CALL:  
763-2030**

(FREE CABLE LOCATING SERVICE)

**YOU MAY NOT BE ABLE TO AFTERWARDS**

## FEATURES PACKAGE INSTRUCTIONS

<b>FEATURE</b>	<b>ACTION</b>	<b>INSTRUCTIONS</b>
HOLD	Activate	HS + *71, then hang up. A successful call hold will result in two short tones. There will be no sound in the receiving handset.
	Deactivate	Pick up the handset.
LAST NUMBER REDIAL	Activate	*82 will redial the last number dialed on that extension.
	Deactivate	Replace handset in cradle. This feature will continue to redial the last number used until a new number is dialed.
RING AGAIN RING BACK	Activate	Upon reaching a busy number, HS + *70 and hang up. When both lines are free, both the number that you dialed and your extension will automatically ring again.
THREE-WAY CALLING	Activate	HS + number that you want to conference with your conversation. When the third party answers, HS once and all three parties are on the same call.
	Deactivate	HS twice if the line is busy, or the desired party is not available. This will return you to your original call.

### **OPTIONAL FEATURES**

CALL FORWARD INTERGROUP	Activate	*79 + number that you want all calls destined for the present extension to be forwarded.
	Deactivate	*80 will release this feature.
CALL PICKUP	Activate	*78 allows a user to answer incoming calls to another within a designated pickup group.
GROUP INTERCOM	Activate	+ two-digit station number.
	Deactivate	Hang up the handset.
SPEED CALL SHORT	Activate	+ desired speed key number + Program *76 + desired speed key number (only 0 through 9 may be used) + desired number + #. Only Class DSN or A extensions may be used to program up to 10 numbers.
SPEED CALL LONG	Activate	+ speed call key number + #. This feature works only on those extensions that the programmed key numbers are assigned.
	Program	*77 + desired speed key number + desired number + #. This labels specific speed key numbers to a specific extension. Up to 70 numbers may be programmed.
VOICEMAIL BASIC USER	Access	Dial 725-7000, enter mailbox number, enter password + follow menu for all other options.
VOICEMAIL EXTENDED BASIC USER	Access	Dial 725-7000, Press #1 to log in to mail. You may listen to your messages and use all of the other voice messaging commands. Press #3 to turn off remote; notification until the next time you log in.

## BASE TELEPHONE CHECKLIST FOR CSR

1. Building number where the equipment or circuit is to be installed.
2. Type of circuit to be worked on or installed (i.e., base telephone, commercial telephone, T1, 56kbs, ADSL, etc.).
3. Does the building have internal wiring to the location where the circuit will be terminated?
4. Exactly where will the circuit be terminated in the building?
5. Point of contact with accurate phone number.
6. Is the building scheduled for CAT-5 wiring or fiber?
7. Is the building scheduled to be demolished?
8. Who is the unit's telecomm rep. and what is their phone number (indicate this if different from POC)?
9. Detailed diagrams of the building.
10. How many drops/phones will be required?
11. If the request is a REB Account or an AT&T line, has it been approved by telephone accounts?  
If not, telephone accounts needs to be contacted for approval. Approval needs to be indicated on CSR.
12. Base area if the building is unknown. Put this information in the "building" field.
13. All numbers in a request should be in one billing account code.
14. All numbers on a request should be in the same building.
15. Provide a directory listing for each telephone number.
16. Identify the exact class of service a customer wants when they request a NCOS change.
17. Distinguish between the 725, 763 and 719 prefixes for all phone numbers listed.
18. If there is an attachment, do not put "see attachment" in description of service field.  
The attachment needs to be opened and the information needs to be entered into the description of service field.
19. To change a directory listing, fill out a directory change form and submit to the directory clerk with the proper signature.

# DIRECTORY CHANGE FORM

**MCIWEST G-6**

**Bldg. 2459, Box 555010**

**Camp Pendleton, CA 92055**

**760-725-3385**

Use this form to update and make changes to the Telephone Directory listing. Please complete all the information in the fields below. Check the appropriate box, if you would like the number to be published in the Telephone Directory and available in the Marine Corps Base, Camp Pendleton Directory Assistance (725-4111). To make any additional changes related to the number, please submit a Customer Service Request form via a Remedy Ticket. Submit all Directory Change Forms electronically to the directory clerk. For further assistance and email address, please contact the Directory Clerk.

# DEFENSE SWITCHED NETWORK (DSN)

## DEFENSE SWITCHED NETWORK (DSN) INSTRUCTIONS

### AUTHORIZED USERS

Use of Defense Switched Network (DSN) is limited to official calls of users with DSN service assigned to their extension. Users of Classes A, B, C telephone services are not equipped or authorized to make outgoing DSN calls.

### SECURITY

Defense Switched Network (DSN) is a non-secure network. Users are reminded that care must be exercised to protect classified information by not discussing such information over the DSN or alluding to such information.

### TIME LIMITATION

Users placing DSN calls should limit their calls to that necessary to accomplish business, enabling all users access to DSN lines.

### PRECEDENCE SYSTEM

Military precedence is assigned to each DSN capable extension. A different precedence may be requested from DISA at [disa.meade.ns.list.phonedsn@mail.mil](mailto:disa.meade.ns.list.phonedsn@mail.mil). Calls may be preempted by a DSN call of higher precedence. The military procedures to be utilized within DSN are:

- A. FLASH** – Flash precedence is reserved for alerts, warnings, or other emergency actions having immediate bearing on national command or area authority.
- B. IMMEDIATE** – Immediate precedence is reserved for vital communications:
  1. That have an immediate operational effect on tactical operations.
  2. Which directly concern safety or rescue operations.
  3. Which affect the intelligence community's operational role.

**C. PRIORITY** – Priority precedence is reserved for calls, which require prompt completion for national defense and security, the successful conduct of war, or to safeguard life or property, which do not require higher precedence.

**D. ROUTINE** – Routine precedence is reserved for all other official communications.

### DIRECTORY ASSISTANCE

Defense Switched Network (DSN) numbers are changed daily. If the user reaches a recording indicating that the number is not in service, etc., visit <https://www.disa.mil/network-services/voice/sbu-voice/directory/global> and search for the desired DSN number.

### MINIMIZE

A Minimize condition may be imposed by the Joint Chiefs of Staff as a communications management measure because of an emergency which requires that only critical communications be made to that area. Calls to such an area will be limited to those calls assisting in an emergency.

### DIALING PROCEDURES

The following procedures apply for calls made from a class DSN extension:

- A. To place DSN calls using the precedence assigned to your extension, users will dial 94 and receive a second dial tone. When the second dial tone is received, dial the desired 7-digit DSN number.
- B. To place DSN calls to an overseas number (Pacific Area), dial 94 + 315, then the desired 7-digit DSN number.
