Non-Friable Asbestos Waste Manifest Procedures for Contractors

The following requirements apply to all contractors that manifest and transport non-friable asbestos waste under Camp Pendleton's EPA identification number.

Non-hazardous waste manifests signed by the generator must accompany non-friable asbestos leaving Camp Pendleton. The Environmental Security Department's Hazardous Waste Section personnel are the only authorized (designated) agents authorized to sign Uniform Hazardous Waste Manifests and Non-Hazardous Waste Manifests for waste generated on Camp Pendleton. **This signature authority cannot be delegated.**

Procedure

1. Provide the following documents to the Environmental Security Department's Hazardous Waste Section three days prior to the desired shipment date:

- a. The asbestos survey
- b. Asbestos analytical data
- c. Certification of Non-Friability from a Certified Asbestos Consultant (CAC – OSHA Certified)
- d. A copy of the Certified Asbestos Consultant OSHA Certifier's ID
- e. The waste profile
- f. Disposal facility approval of waste profile (approval may be indicated on the waste profile)
- g. Copy of the draft Non-Hazardous Manifest

2. To avoid signing delays and ensure manifests are expeditiously mailed from the final disposal facility to Environmental Security, the below information must be included on all manifests:

- a. Generator US EPA ID: **CA2170023533**
- b. Emergency response number: Transporter's 24 hour number
- c. Generator name and address:
MCB Camp Pendleton; Environmental Security
P.O. Box 555008
