- Rifle and Shotgun hunters **MUST** attend a firearm safety brief
- Ensure you sign in, otherwise you will not be able to hunt
- Area Preference Sheets will be distributed after the brief
- Turn in or update your Area Preference Sheets the Wednesday before your first hunting weekend.
- Archery hunters do not need to attend a safety brief or worry about area preference sheets (go to the range!)
- The brief lasts about 30 minutes with time for questions
- Firearm deer hunting represents our largest activity for the hunting year. This brief helps us mitigate any risk resulting from a hunter's ignorance of the rules. Rules change year to year. This is our way to help ensure hunting continues for many years to come on Camp Pendleton.
- In 2018 deer hunters spent 1200 days in the field without a safety mishap or interference with military training.
- Make-up briefs by appointment only.
- Each hunter must physically attend, we keep track.
