ZERO TOLERANCE!

There is no excuse for driving while intoxicated when there's many options available, including Cab, Taxis, Uber or Lyft. DUI convictions stay on individual driving records for 10 years.

- Under 21: Zero tolerance.
- 21 and older: BAC must be 0.08% or less; above that or if impairment is found, driving privileges are suspended. Even for dependents.
- California law mirrors these limits for on-base driving, and Marines are subject to the same penalties as civilians.
- **MCO 1700.22G** reinforces a zero-tolerance culture for alcohol use, including in government quarters, to protect readiness and community safety.

If a Marine is involved in an alcohol-related incident such as driving under the influence (Art. III, UCMJ) the possible outcomes include:

- Non-judicial punishment (NJP): 45 days restriction/ 45 days of extra duties/ up to 60 days restriction, forfeiture of one-half pay per month for two months, and possible rank reduction for enlisted; for officers, up to 30 days arrest in quarters, 60 days restriction, and forfeiture.
- Involuntary administrative separation: For serious offenses, pattern of misconduct, or civilian convictions, which can lead to discharge.
- Court-martial: General, special, or summary proceedings depending on the offense.
