Marines, Sailors, and families of Marine Corps Installations West,

I would like to take this opportunity to address updated orders impacting businesses in California due to a rise in COVID-19 cases across the state.

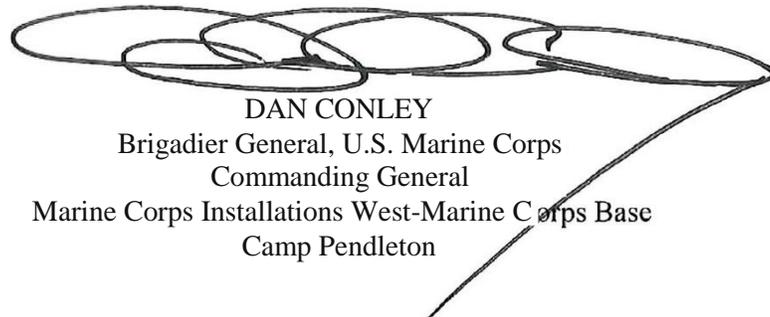

Marines, sailors, civilian employees and family members have done a good job adhering to local and state health practices to reduce the spread of the COVID-19, including wearing face coverings, maintaining six feet of social distancing where possible, and frequently cleaning hands and surfaces. I want to thank you for doing the right things and ask that we continue to take care of ourselves and those around us by continuing these mitigation efforts.

For counties currently on California's monitoring list, fitness centers, barbershops and indoor worship services in town are closed. For MCI-West bases and stations, we will continue to monitor COVID-19 cases, operational impacts and our medical capability to respond across our population. For facilities and services aboard our installations, we will consider mitigation measures, mission criticality and quality of life impacts in determining restrictions and closures. Mindful of our obligation to accomplish our mission, we will continue to take measures to protect our service members and families.

As the situation changes, the most up-to-date information is available through our command website www.pendleton.marines.mil, Marine Corps Community Services website www.mccscp.com/impact and our social media outlets Facebook and Twitter @MCIWPendletonCA plus Instagram @mcb_camp_pendleton.

Thank you for your support and continue to take care of those around you.

Semper Fidelis,

DAN CONLEY
Brigadier General, U.S. Marine Corps
Commanding General
Marine Corps Installations West-Marine Corps Base
Camp Pendleton
